

External dimensions (mm): h616xw735xd270
Internal dimensions (mm): h520xw675xd238
Weight (kg): 7.20

Quantity per pallet (n°): 18
Pallet dimensions (cm): h128xw75xd265
Pallet weight (kg): 145

COMPONENTS

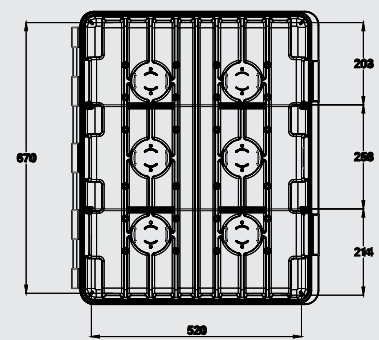

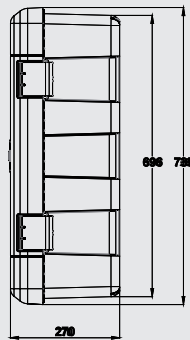

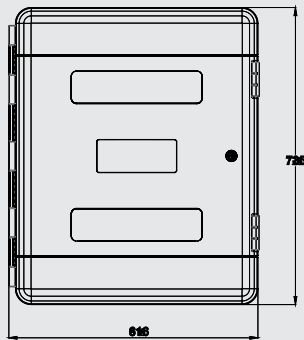

- EPDM seal
- Double handle in nylon
- Inspection windows in polycarbonate
- Resin label

OPTIONALS

- Clamping rings in nylon and clamping springs in PVC
- Cylinder lock
- Horizontal shelves

TECHNICAL FEATURES

Material: polypropylene, nylon, polycarbonate
Production process: Injection Moulding

- 1 Body and lid with reinforced structure
- 2 Inspection windows with «OR» seal
- 3 EPDM seal (against dust and water ingress)
- 4 Extinguisher holding kit with bayonet cap composed of PVC clamping spring with 4 holes and camping ring in Nylon available in two sizes (Ø150-170 and Ø170-190 mm)
- 5 Reinforced fixing points
- 6 Double ergonomic handle in Nylon
- 7 Customized logo
- 8 Available disassembled and stacked
- 9 Optional cylinder lock
- 10 Optional key compartment integrated into the lid(supplied with two keys)
- 11 Made in Italy
