## Discount Fire Supplies Offer 25% Off Fire Blankets On Their Website

***Discount Fire Supplies are offering a massive 25% off the regular price of their fire blankets in April 2013, helping their customers to save valuable pounds on these life-saving items.***

Discount Fire Supplies, retailers of fire alarm systems and fire safety equipment, have reduced the price of all of their fire blankets for April 2013. They are offering the discount as part of a campaign in which they intend to run a special offer each month on different types of fire safety devices.

Fire blankets are used to smother small fires, starving them of oxygen - one of the three main elements (heat, fuel and oxygen) needed for a fire to survive - and therefore causing the fire to suffocate and die out. Fire blankets are most commonly found in kitchens, both commercial and domestic, and play a valuable role in fire safety.

Discount Fire Supplies have a range of high quality fire blankets in a variety of sizes for sale on their website which are all manufactured to BSEN 1869 – 1997, Kitemark certified, tamper-evident and front-loading for minimum removal time.

Discount Fire Supplies have four sizes of fire blanket available:

- FB20115: 1.0m x 1.0m (£6.37 +VAT)
- FB20145: 1.2m x 1.2m (£7.31 +VAT)
- FB20165: 1.8m x 1.2m (£12.75 +VAT)
- FB20185: 1.8m x 1.8m (£18.00 +VAT)

The 25% discount has already been added to the fire blankets so all the person wishing to make a purchase has to do is add their selection to the shopping cart and proceed to the checkout when they are ready to do so.

Tariq at Discount Fire Supplies says, “We are delighted to be able to offer our valued customers discount offers such as this one. We like to pass our savings on to our customers and hope to be setting up a new deal each month for the foreseeable future. All of our fire blankets are high quality and really shouldn't be missed at this excellent price.”
