## Discount Fire Supplies Offer 5% Discount On All Orders Placed Online

***In light of recent changes to the way orders are processed on their website, Discount Fire Supplies are now able to offer an ongoing 5% discount code for customers to use on all orders placed online.***

Discount Fire Supplies, retailers of Fire Alarm Systems and LED Emergency Lighting, have recently made some changes to the way they process orders that are placed through their website. The changes have enabled the Discount Fire Supplies team to process orders that are made online more efficiently than ever before and therefore save time and money.

discountfiresupplies.co.uk is a full e-commerce website that sells a wide range of fire alarms and related fire safety products. The website boasts a number of features designed to aid the buying process and therefore create a simple straightforward shopping experience for it's visitors. Some of the features that Discount Fire Supplies are most proud of include:

- Saved Orders: The Saved Orders feature allows a customer to add their chosen products to their basket and then save their selection for review at a later date. Discount Fire Supplies will store saved orders for 90 days at current prices to be restored and amended at any time.
- Auto-Complete Search: The auto-complete search facility allows a visitor to find the product they are looking for quickly and efficiently. All the user has to do is simply start typing the name of the product or category they are looking for to automatically be presented with a list of matches.
- Live Help: The live help feature allows the visitor to speak with a member of the Discount Fire Supplies team through an online messaging portal to discuss any sales or technical queries they may have.

To encourage their customers to place all of their future orders online and take advantage of the advanced features, Discount Fire Supplies are offering 5% off all orders placed online. The discount can be applied by the customer by entering the discount code 'ONLINEONLY' at the checkout - once the code is entered 5% of the value will be deducted from the entire shopping basket.

Tariq at Discount Fire Supplies says: 'We are working hard all the time to provide a good, reliable service to our customers. The changes we have recently undergone allow us to operate more efficiently than ever before. The more orders placed through our website, as opposed to over the phone, the more we save and we're happy to be able to share that saving with our customers.'

### **About Discount Fire Supplies:**

[Discount Fire Supplies](http://discountfiresupplies.co.uk) is an online retailer of Fire Alarms and LED Emergency Lighting. They aim to become the UK's premier online fire alarm supplier. Their large stock-holding and good relationships with all major manufacturers allows them to be competitive on price and choice.

All enquiries can be directed to Tariq El-Hoss on 01792 452 700 or [info@discountfiresupplies.co.uk](mailto:info@discountfiresupplies.co.uk).
